Products Covered

- Reinforcement Steel Bars
- Hollow Sections
- Roofing Sheets
- Wire Mesh & Binding Wire
- Steel Pipes & Tubes
- Stainless Steel Pipes
- Seamless & Welded Pipes
- Pipe Fittings
- Flanges
- Industrial Fasteners
- DIN 3015 Tube Clamps

Important: Prices shown are indicative market references and should be confirmed before ordering.

Steel and Tube Uganda Price List 2026

The Steel and Tube Uganda Price List 2026 provides a convenient reference for commonly purchased construction and industrial steel products in Uganda. Steel products are widely used in residential construction, commercial buildings, infrastructure, fabrication, warehouses, factories, process plants, water systems and engineering projects.

Prices can change according to raw-material costs, steel grade, dimensions, quantity, manufacturer, availability, transportation, import expenses, exchange rates, testing, certification and delivery location. This PDF should therefore be used for preliminary budgeting and product comparison.

Common Industrial Steel Products

Industrial Steel Products

Pipes + Fittings + Flanges + Fasteners

High Quality | Reliable Supply | Global Applications

PIPES

- Stainless Steel Pipes
- Carbon Steel Pipes
- Alloy Steel Pipes
- Seamless & Welded Pipes
- ERW Pipes & Tubes

FITTINGS

- Elbows
- Tees
- Reducers
- Caps
- Stub Ends & More

FLANGES

- Weld Neck Flanges
- Slip-On Flanges
- Blind Flanges
- Socket Weld Flanges
- Threaded Flanges & More

FASTENERS

- Bolts & Nuts
- Washers
- Stud Bolts
- Screws
- Threaded Rods & More

 High Strength

 Corrosion Resistant

 Wide Range of Sizes & Grades

 Ideal for Industrial & Engineering Applications

For bulk orders, industrial requirements or international sourcing, provide exact product specifications and request a current quotation.

Reinforcement Bar Prices in Uganda 2026

Product	Diameter	Length	Indicative Price
T10 / Y10 Steel Bar	10 mm	12 m	UGX 24,000–32,000 / piece
T12 / Y12 Steel Bar	12 mm	12 m	UGX 32,000–39,000 / piece
T16 / Y16 Steel Bar	16 mm	12 m	UGX 52,000–69,000 / piece
T20 / Y20 Steel Bar	20 mm	12 m	Around UGX 130,000 / piece
T25 / Y25 Steel Bar	25 mm	12 m	Around UGX 200,000 / piece

Reinforcement bars are commonly used in foundations, columns, beams, slabs, bridges, roads, warehouses and other concrete structures. Actual prices vary by supplier, manufacturer, location, quantity and market conditions.

Hollow Sections and Roofing Sheets

Hollow sections are used for structural frames, gates, fencing, roof supports, warehouses, machinery frames and general fabrication.

Hollow Section	Thickness	Length	Price
30 × 20 mm	1.0 mm	6 m	Request Current Quote
40 × 25 mm	1.5 mm	6 m	Request Current Quote
50 × 25 mm	2.0 mm	6 m	Request Current Quote
60 × 40 mm	3.0 mm	6 m	Request Current Quote
100 × 50 mm	5.0 mm	6 m	Request Current Quote

Roofing Sheets, Pipes and Tubes

Product	Typical Specification	Unit	Price
G-30 Roofing Sheet	Various profiles	Per sheet	Request Current Quote
G-32 Roofing Sheet	Various profiles	Per sheet	Request Current Quote
Corrugated Steel Sheet	Various thicknesses	Per sheet	Request Current Quote
Galvanized Roofing Sheet	Various profiles	Per sheet	Request Current Quote

Roofing sheet pricing depends on thickness, coating, profile, length, colour, manufacturer, quantity and availability.

Stainless Steel and Carbon Steel Pipes

Strength | Durability | Reliable Performance

Stainless Steel Pipes

- Excellent Corrosion Resistance
- High Durability
- Withstands Extreme Conditions
- Ideal for Hygienic Applications

Carbon Steel Pipes

- High Strength
- Cost Effective
- Versatile Applications
- Suitable for Industrial Projects

Steel Pipes and Tubes in Uganda

Steel pipes and tubes are used in construction, fabrication, infrastructure, water systems, industrial plants, process industries and mechanical applications.

- Stainless steel pipes
- Carbon steel pipes
- Alloy steel pipes
- Duplex and super duplex pipes
- Seamless pipes
- Welded pipes
- ERW pipes
- Structural tubes
- Heat exchanger tubes
- Instrumentation tubes

Fittings, Flanges, Fasteners and Tube Clamps

Common pipe fittings include elbows, tees, reducers, crosses, caps, stub ends, bends and couplings. Buttweld pipe fittings can be supplied in stainless steel, carbon steel, alloy steel, duplex and other engineering grades according to requirements.

Common flange types include weld neck, slip-on, blind, socket weld, threaded, lap joint and orifice flanges.

Industrial fasteners include bolts, nuts, washers, stud bolts, screws, threaded rods and foundation bolts.

DIN 3015 tube clamps are used to support and secure pipes, tubes, hydraulic lines and industrial piping systems. Standard, twin and heavy-duty configurations can be selected according to outside diameter, load and mounting arrangement.

Factors Affecting Steel Prices in Uganda

- Raw-material costs
- Material grade
- Dimensions and weight
- Order quantity
- Transportation and freight
- Currency exchange
- Testing and certification
- Supplier inventory and availability

How to Request a Quotation

Provide the product, grade, size, thickness, length, quantity, standard, certificate requirements and destination. A complete material list helps the supplier calculate material, packing, freight and other commercial requirements accurately.

About Sachiya Steel International

Sachiya Steel International Private Limited is an India-based manufacturer, supplier, stockist, dealer and exporter of industrial steel products. The company supplies stainless steel, carbon steel, alloy steel, duplex, super duplex and high-performance nickel-alloy products.

Its product range covers pipes and tubes, pipe fittings, flanges, industrial fasteners and DIN 3015 tube clamps for engineering and industrial applications. The company states that it has more than 20 years of industry experience and is TUV and ISO 9001:2015 certified.

Products Supplied

- Stainless steel pipes and tubes
- Seamless and welded pipes
- Buttweld pipe fittings
- Stainless steel and industrial flanges
- Industrial fasteners
- DIN 3015 tube clamps
- Carbon, alloy, duplex and nickel-alloy products

Price Disclaimer

The prices provided in this Steel and Tube Uganda Price List PDF 2026 are indicative references for budgeting purposes only. Steel prices can change because of raw materials, market movements, exchange rates, freight, import costs, product grade, dimensions, quantity, testing, certification, packaging and delivery location.

Frequently Asked Questions

What is the Steel and Tube Uganda Price List 2026?

It is a reference guide covering commonly purchased steel and tube products in Uganda, including reinforcement bars, hollow sections, roofing sheets, wire mesh, pipes, tubes, fittings, flanges and fasteners.

What is the current T10 steel bar price in Uganda?

Indicative 2026 market references place T10 reinforcement bars at approximately UGX 24,000–32,000 per 12-metre piece. Confirm the current supplier price before purchasing.

What is the price of T12 steel bars in Uganda?

T12 reinforcement bars may cost approximately UGX 32,000–39,000 per 12-metre piece based on indicative market references.

What is the price of T16 steel bars in Uganda?

Indicative market prices for T16 bars are approximately UGX 52,000–69,000 per 12-metre piece.

What types of hollow sections are available?

Square and rectangular hollow sections are available in various dimensions and wall thicknesses depending on structural and fabrication requirements.

What factors affect steel prices in Uganda?

Raw materials, international steel prices, exchange rates, freight, import costs, grade, dimensions, quantity, availability, certification and delivery location can affect prices.

Does Sachiya Steel International supply steel products internationally?

Yes. Sachiya Steel International supplies a range of industrial steel products to international customers.

Can I purchase stainless steel pipes for an industrial project?

Yes. Stainless steel pipes are available in different grades, sizes, thicknesses and manufacturing types.

Can I request bulk steel quotations for Uganda?

Yes. Provide a product list, quantities, specifications, standards, certification requirements and delivery location.

How can I get the latest steel price for Uganda?

Request a current quotation based on the exact product, grade, size, thickness, quantity, standard, certification and delivery destination.

Final Note

This Steel and Tube Uganda Updated Price List PDF for 2026 is designed as a practical reference for contractors, engineers, builders, procurement professionals, fabricators and project managers. Use the indicative figures for budgeting and request a fresh quotation for actual purchasing.
